

United States Department of State

Washington, D.C. 20520

Dear Madam Speaker:

JUL 17 2008

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed technical assistance agreement for the export of defense articles, including technical data, and defense services in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export of defense services and defense articles, including technical data, related to the manufacture and assembly of X300 Series Transmissions, parts, components and accessories. These components will be used primarily on the FV430 family of military vehicles for the United Kingdom Ministry of Defense and the CV90 Family of Vehicles for the Ministry of Defense of Switzerland, but the sales territory also includes all NATO countries, Australia, Egypt, India, Japan, South Korea, Kuwait, Malaysia, New Zealand, Pakistan, Saudi Arabia, Sweden, Taiwan, Thailand, and the United Arab Emirates.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Matthew A. Reynolds  
Acting Assistant Secretary  
Legislative Affairs

Enclosure:

Transmittal No. DDTC 078-08

The Honorable

Nancy Pelosi,

Speaker of the House of Representatives.
